

ADAM SLIWINSKI*Director of Photography*

Adam learned his trade as an assistant camera op. under such notable DP's as Peter Hyams ('2010', 'End of Days'), and John Bartley ASC ('X-Files') who taught him the necessity of practical sources. He then got into music videos and commercials as DoP before moving into drama in the early 2000s and now has over ninety features and TV movies to his name.
