JO SLATER

Costume Designer

Jo has carved out a reputation for herself as the go-to costume designer for contemporary, stylish, female-led dramas such as 'Cheat', 'Wanderlust', 'Marcella' and 'Doctor Foster'. But that's not all. She's worked in comedy, period, and drama-doc, and was costume designer on the last two Ken Loach features, and coming up soon, her work can be seen on 'Extinction' and the third series of ratings-buster 'War of the Worlds'. Described as 'a delight to work with' by everyone who's ever hired her, Jo will go where the work takes her.
