JAYNIE MILLER

Producer

Jaynie's background as production manager, line producer and now producer misses almost nothing out. All the shorts, music promos, tv dramas and features she's worked on have given her the sort of rounded experience that few others of her generation have. Whether it's development or physical production, Jaynie likes to be at the centre of the process and with credits on shows with companies like Kudos, Vertigo, Red and Ecosse Films, she's proved herself time and time again. She's based in Liverpool but is happy to go where the job takes her.
