

NADIA DUNN-HILL

Costume Designer

After graduating from London College of Fashion, Nadia's career began in fashion editorial before being introduced to the world of television commercials. It was here that she discovered her love of character dressing and she transitioned easily to working on features, episodic television, and numerous shorts. Her ascent through the ranks of the costume department has covered comedy, period, and drama, and with twenty-five years of experience working in film and TV, she has proved that she is a safe pair of hands. Nadia is based in the South East of England and with UK and EU passports, she is available to work worldwide.
