Director of Photography

IATSE Local 600

A father's gift of a video camera was the spark that ignited Periluigi Malavasi's life long love of filmmaking. With an eye for light and composition, Gigi immigrated to the US, attended film school, and has been working steady ever since. Malavasi's camera work has been nominated for Emmy and Telly awards, winning three in the process. He brings an old fashioned work ethic to all jobs: listen, learn, collaborate, and create. Gigi is serious and passionate about work while remaining a really nice guy who never forgets how to have a good time on the set. Based in Los Angeles, Periluigi is available for work worldwide.
