

# ZOE CLARE BROWN

## Hair & Makeup Designer

Until the last couple of years, Zoe's experience had consisted very much of being on the team of 'event' features and tv, such as the last two Star Wars pictures, Mary Poppins and Amazon's The Romanoffs, where her skills not just with the brush but with looking after her team have been honed over the years. She's since stepped up to designing, with credits on Apple TV+'s forthcoming 'Invasion' and the Blueprint Pictures feature 'The Beautiful Game', scheduled for release in 2022. Based in London, she's available for work worldwide.
